Expect Coke Production on Big Scale Before Christmas-International

Work Being Rushed by Company and Contractor D'Appolonia to Get Ovens Into Use

From 60 to 70 men have been employed in preparing the old coke ovens of International Coal & Coke Co. Ltd. to fill the contract during 1933 for Consolidated Mining & Smelting Co. Ltd. at Trail. The work has necessitated about 3,000 feet of additional yard track being laid by the C.P.R. and approximately 1700 feet by the coal company. In order to get the ovens in operation as quickly as possible, a full crew was at work on Sunday. In addition to the coal company's employees Contractor J. S. D'Appolonia has a crew working. Production will probably be in full swing before Christmas.

Single Unemployed Relief

No further registrations of single unemployed men from other centres or other provinces are being accepted at Calgary, Edmonton and other points where community kitchens are established, according to an announcement made by the Alberta relief commission. All single unemployed in centres other than those in which kitchens are established will be cared for at their own centres of residence, state the commission. Arrangements have been made respecting employment of single unemployed on farms. Farmers may come in to the centres and select from those registered under the jurisdiction of the relief commission at the unemployment bureau, and provided a mutual arrangement is arrived at, the federal government will pay \$5 per month to the farmer, and the same to the man employed. The farmer must agree to keep the man until next spring and the man employed must agree to stay till then.

Reduced Railroad Fares

Canadians will be encouraged to travel by railroad to their homes during the Christmas and New Year season as a result of the special concessions in fares general through out Canada, announced for the holidays by the Canadian Passenger Association, western lines. The fare for a round trip will be one and one-quarter times the ordinary first class rate, with 50 cents as a minimum charge. Tickets will be sold good going Friday, Saturday, Sunday and Monday, Dec. 23 to 26, and valid for the return passage up to and including Dec. 27. Tickets will also be sold good going Friday, Saturday, Sunday and Monday, Dec. 30 to Jan. 2, 1933, and valid for the return passage up to and including Jan. 3. A special rate is also announced for round trips including holidays. This will be one and one-third times the ordinary first class fare. Tickets will be good going Thursday, Friday and Saturday, Dec. 22 to 24, and valid for the return up to and including Jan. 3.

J. A. McDonald, of the Empire hotel, and J. Smith, of the Cosmopolitan hotel, Blairmore, attended the hotel men's convention held in Lethbridge on Monday.

Mr. and Mrs. Bruce M. Hall and daughter arrived on Nov. 18 from Hythe, Alberta, and have taken over the house formerly occupied by Mr. and Mrs. A. G. Bowling, Third street. Mr. Hall succeeds Mr. Watkins as manager of the government liquor store.

Four Hunters Get Moose for Each

Four bull moose, averaging about 1,000 pounds on the hoof, was the bag of four hunters from southern Alberta, who spent five days in the hunting grounds a hundred miles west of Edmonton, and south of Niton, on the Canadian National line. Their headquarters was an old tie camp. Deep snow of eight inches made hunting difficult, otherwise they would have added a few deer to their bag.

They were absent fourteen days. A truck was fitted up with a built on caboose to travel in, and they used the highway west from Edmonton as far as travel permitted. The party included Wm. Oliver, proprietor of the Crystal Dairy, Blairmore; his brother Roy, J. W. Bell of Pincher Creek and T. M. Brown, postmaster at Spring Point.

Moose were plentiful, and they saw as many as fifteen cows and calves in a day, and a few bulls. Roy Oliver had a thrill when he sighted two bulls, and wounding one, was threatened by an attack of the unwounded bull. By prompt action he succeeded in despatching the wounded bull, and the other beat a quick retreat.

The prize head was brought down by William Oliver, which will make a magnificent trophy for his home.

Community Relief Fund

Employees of International and McGillivray coal mining companies who are working steadily have decided to contribute one or two per cent. per month during the winter towards relief of the children of the unemployed. A. M. Morrison, president of the Citizens League, has proposed that all citizens in receipt of regular incomes join in the movement, and combine the receipts into one fund to be administered by a committee to be appointed. The proposal has met with general approval.

Cheques issued for local relief work by the provincial government, instead of being paid in cash, will be met by orders on stores for necessities, it is reported. This apparently is to ensure the money being spent on food and clothing.

St. Alban's Church Notes

On Monday, Nov. 21, a meeting of the Ladies Guild and the vestry of St. Alban's church was held in the parish hall to discuss improvement of the parish hall. The rector placed before them a proposal to purchase the building formerly occupied by Lethbridge Brewing Co., but on a vote it was decided against. The meeting was unanimous in agreeing to the improvement of the present hall, and Frank H. Graham and Walter Williams were appointed a committee to secure costs and report at a further meeting. Present were Rev. A. S. Parlington, Messrs H. E. Gate, T. Blower, M. Hancock, D. Hoyle, G. A. Brown, A. Cornett, and Messrs Graham, Halliwell, Barnes, Creagan, Rushton and Williams.

Sunday evening service at 7 p.m. at which Rev. A. G. McMorine, rector of St. Paul's, Michel, will preach. Rev. A. S. Parlington will preach at Michel.

Sunday school will be held at 12.30 p.m.

School for Hockey Officials

On Sunday, Dec. 4, at 10 a.m., a class of instruction for club managers, referees, and coaches will be held at Macleod under the direction of the Alberta Amateur Hockey Association. Players as well as officials are invited.

Additional Cost for Unemployed Relief Will Be Problem for Ratepayers

Will Probably Mean Increased Taxes To Provide Relief Measures for Workers

Local relief problems of the town council have been accentuated by the cutting off of single men living within the incorporated area from participating in the provincial government relief work on the highways. Heretofore they have been given a division of the work on a parity with those living outside of the town.

This means that the council will have to devise methods of raising relief funds or of providing work, the cost of which would be borne one third by the town and two thirds by the provincial and Federal governments under the relief administration scheme.

Wednesday's pay-day was not productive of the usual activity that accompanies the issuing of pay cheques to mine workers. Very low output means correspondingly low wages, with the result that business in the stores is very little more than other days. Work on International Coal coke ovens helps to make up for some of the slack work below ground. In order to make Christmas as merry as possible for those in need, a community fund appeal is being issued in which the Citizens League and the mines association are joining hands.

It is reported that relief work on the highway will be paid for by orders on stores instead of cheques. Mr. Dodge, in charge of road work, states the government's plan is to issue direct relief to destitute people, and they will be given the opportunity to go on relief work. The giving of relief by orders on stores has been protested by some of the workers.

United Church Notes

The usual services will be held Sunday, November 27, with the minister in charge both morning and evening. The junior choir will lead the singing in the morning and Mr. Taylor will begin a short series of sermons on "The Shepherd Psalm."

Sunday school will meet at 12.15.

A hearty invitation is extended to all children not attending Sunday school elsewhere to attend. A class to suit children of all ages will be provided.

The evening will begin with a song service at 6.45. Come and sing your favorite hymns. The senior choir will lead the singing. The evening sermon is especially designed for young people. To this service a most cordial invitation is given to all young people not worshipping elsewhere. The subject upon which Mr. Taylor will preach is entitled: "Reckless Driving on Life's Highway."

Come and worship with us, Strangers and visitors will be made welcome.—Rev. Roy C. Taylor, B.A.B.D. Minister.

Makin States "Was Not on Communist Slate"

Charles Makin has a grievance. He states he has been classed as a Communist, but has never been a member of that party. He likewise claims he has been discriminated against, thereby losing his job. In fairness to Mr. Makin, and to The Journal, whom he blames for linking him with the Communist party, the following facts are presented without prejudice.

At the time of his nomination, the Mine Workers Union of Canada was controlled by the Workers Unity League, with which it affiliated in 1931.

"The W. U. L. is the Canadian section of the Red International of Labor Unions, pledged to a program and policy of revolutionary struggle for the complete overthrow of Capitalism." (Report of Royal Commission on Industrial Dispute, Estevan, Judge E. R. Wylie, Commissioner.)

Mr. Makin accepted nomination, he admits, under the auspices of the local union of that time, yet states emphatically he was not a nominee of the Communist controlled union. He claims he has been unjustly branded as a Communist and considers it unfair to be classed as such after being a resident of Coleman for 21 years.

Had he openly disavowed the Communist party or the W. U. L. at the time of his nomination, it would have carried more weight. He takes it as a personal attack that he was named by The Journal as a Communist. Mr. Makin stated prior to election day that he was not on the Communist ticket, yet it cannot be denied that the campaign of the slate on which he was nominated received the support of the W. U. L. through the union which it at that time controlled.

The Journal has opposed the W. U. L. from the time it sought to control the M. W. U. of C., and stated at the time of the affiliation vote in Coleman that it (the W. U. L.) would wreck that organization. This it has done as far as the Crow's Nest Pass and other places in Alberta are concerned. In an election contest it will continue to oppose them, as it would any other party whose policy is revolutionary and directed against constituted authority. It is not making a personal attack on Mr. Makin, but it is attacking an organization or its candidates whose ideals are opposed to our form of government and its constitution.

If Mr. Makin is through with the W. U. L. and its affiliations, The Journal is quite prepared to accept his statement and give it the same publicity as he declares was given in branding him as a Communist candidate.

Manitoba Coal Orders to Pass Mines

Crow's Nest Pass mines in Alberta and British Columbia will handle a share of the coal tonnage for Winnipeg public buildings, and northern Alberta mines also receive a share. West Canadian Collieries receives the largest contract with 20,000 tons for a two year period to supply Winnipeg hydro electric International has some tonnage for schools in that city, and McGillivray Co. also gets a share. Continuing efforts are being made by agencies of Crow's Nest Pass mines to secure commercial orders in Winnipeg to displace imported coal.

W. J. Harris is arranging a vocal and instrumental concert in aid of St. Alban's church, to be held in the Knights of Pythias hall on Friday, Dec. 2, tickets for which are on sale.

Adanac Club Notes

On Friday, Nov. 4, the Young People's Club met and after a hike came back to the I.O.O.F. hall.

After the meeting at which future programs were planned, supper was served by the wideawake entertainers, committee. Then Red Fisher, who was leaving on the night train for his new position in Turner Valley, resigned as president. A hearty vote of thanks was accorded him and he was given a ringing send-off at the train, leaving a trail of apparently broken hearts.

"On with the dance" was next in order and between the talented members and the radio, a fine time was had by all,—the new members included.

During the dance it was unanimously decided that the club should be known as the "Adanacs." Following the dance the meeting broke up at 12 p.m. with the singing of "God Save the King."

New members will be welcomed, so please get into touch with any of the "Adanacs" if wishing to join.

The Adanacs held their regular meeting on Friday, Nov. 18.

The tologban party was called off at the request of Mr. Chinook.

After the business meeting and a few rounds of cards, supper was served by the well trained group of caterers under command of Reginald Jones, C.E.C.

Many new members were present and they all reported a gay time.

During the dance which followed, a play was presented by Arthur Graham, Irene James and James Cousins. This was entitled "Bills," but due to the use of an understudy, it was quite delicious.

Mr. Robert Bell, the "heavy," was unfortunately sick—with the above result.

Everyone left at midnight primed for the big "Adanac-Hockey Club" dance on Nov. 25th.

From Drumheller comes the news that Margaret Jane, only daughter of Mr. and Mrs. T. Badham of Midland will be married to Sidney J., eldest son of Mr. and Mrs. Malcolm J. Morrison, also of Midland. Both families formerly resided here. Dan Morrison is uncle to Sidney.

The bride elect and her fiancé attended public school here. Sidney is employed at the Midland mine as driver where his father is fire boss. Mr. Badham is pit boss at the same mine.

United Front Manifesto Contains Demands For Cash, Clothing and Food

Unemployment Only Qualification Necessary for Relief—Unemployed Councils Formed

Demands of United Front committee of Crow's Nest Pass include under the heading of "Immediate"—\$15 weekly for married couples, with \$2 for each dependant; single unemployed men and women \$10, to be paid in cash.

Relief work, it is demanded, shall be paid for at trade union wages, with a minimum of 50c per hour, and there shall be no discrimination on account of nationality, religious or political opinions. The only justification required for relief shall be that the worker is unemployed.

Free transportation to and from work, free light, water and fuel, adequate winter clothing free, no evictions for non payment of rent, no sales of property for non payment of taxes, free medical and dental services, school children to be provided with hot lunches at noon, are some of the demands under the classification of "Immediate."

For partially employed workers, the minimum scale of subsistence in these demands is to be made up by the employers and the State, and unemployed councils shall be represented on all bodies administering relief, and the R.C.M.P. and all other police officials shall be removed from such bodies.

Regarding work camps, it is demanded "that the slave camp for single unemployed workers be closed, that all such work shall be carried on voluntary without coercion, and that a minimum of 50c an hour shall be paid and decent conditions prevail."

In order to gain these demands, the manifesto states, unemployed councils have been set up at Coleman, Blairmore, Frenk, Bellevue and Hillecrest, which places sent delegates to a central council of unemployed for the Crow's Nest Pass.

The manifesto is signed by Crow's Nest Pass Central Council of Unemployed, but does not bear the name of any officers.

More consideration must be given to the spiritual side of life and the general good of humanity if the world is ever to come out of the existing depression, in the opinion of Hon. W. F. Jackson, of Fort Scott, Kansas, grand sire of the sovereign grand lodge, I.O.O.F., who last week visited Western Canada, using Canadian National services. The kind of prosperity which leaves half the country rolling in wealth and the other half starving is not worth trying to re-establish. Men must cease trying to pile up wealth at the expense of the other fellow, and work for the good of the community, the visitor declared to newspaper men.

The Only Explanation

we have to give to our readers on the slim appearance of The Journal is that we are doing the best we can under existing difficult conditions.

It takes advertising revenue to continue publishing a newspaper. Conditions have curtailed this to such an extent that some weeks we are compelled to forego publishing, as we cannot draw on an "old stocking" to pay the wages and other expenses of production. We must make the paper pay its way.

Believing that it is better to publish if at all possible, to satisfy the demand for local news, we do so in curtailed form. We regret this as much as our readers, but we cannot stand the expense of publishing a complete newspaper when revenue is reduced from 50 to 60 per cent. of what is normally required to make The Journal pay its way.

We anticipate better times, and in the meantime continue with that faith and persistence which will help to turn the tide of adverse conditions from which all suffer.
